This theme highlights the presence of two faces or two identities coexisting within the same person, whether ordinary, historical, or mythological. Artists can depict this duality through three main narrative threads: the psychological upheaval caused by a major event, the permanent split personality, or the mythological metamorphosis between human and monster.

**2 CATEGORIES**

You can choose to participate in one of the following categories:

1. Competition Category
2. Classic (free, without competition)

The choice is made during registration. A box must be ticked in the form.

**The theme remains the same for both categories.**

---

**COMPETITION CATEGORY**

**4th French Bodypainting Contest at the Rencontre Bodypainting France!**

- Open category (airbrush, brush)
- A jury composed of 5 recognized personalities in the bodypainting community.
- No assistants (each artist works alone to showcase their full range of skills)
- No overlays or stencils to prepare the drawing (overlays are good but they don't allow for accurate comparison of each artist's work)
- Accessories are a nice addition but do not replace body painting (please do not overload the models with accessories).

A jury of bodypainting experts will judge according to the following criteria:

- Interpretation of the theme
- Originality
- Techniques used
- Quality
- Composition

Rules during the competition:

- 1) Models must be at least 18 years old.
- 2) The entire body must be painted
- 3) It is forbidden to make any preparations on the body before the start of the competition.
- 4) Before the start of the competition, you can prepare your hairstyle, false eyelashes, contact lenses, nipple covers, etc...
- 5) The application of special effects is permitted, but this must be done during the painting process. Attaching prosthetics before the start of the competition is prohibited.
- 6) Shoes are allowed if they stay below the knee.
- 7) Assistants are not allowed (only help with hairstyling, brush cleaning, water changes, etc.). If any member of the organization notices two people painting the same model, the artist will be **disqualified** from the competition.
- 8) If the model feels unwell or faints, you must contact a member of the organization. The time the model needs to recover will be added to your painting time.
- 9) You must always follow the organization's instructions.
- 10) No stencils or transfer paper can be used to build the base of your project (e.g., tracing a face or a complete drawing). However, you can use stencils to enhance your entire creation as a finishing touch.
- 11) Alterations are possible after the presentation in front of the jury for the fashion show.
- 12) The number of places is limited to 25 participants
- 13) The jury's decision is final. No appeal is possible.

## SUNDAY, MAY 31

### The joint project

Since its inception, the Bodypainting Meeting has placed great importance on creating collaborative projects (involving all artists) to produce a unique, living work of art. This year, we are offering you an extraordinary new collaborative project:

#### ***"Alter ego - Hero and Antihero"***

This theme invites you to create an **iconic character** from popular culture (comics, video games, films, literature). Focus on embodying a figure that symbolizes power or corruption, Good or Evil. The main objective is to create a **strong visual icon**. Participants can choose to work solo on a standalone character or **form a duo** to create the Protagonist and their Antagonist (e.g., **Jedi and Sith, Thor and Loki**), the two creations intended to form a coherent diptych.

## ⚠ Warning: Total Transformation

The goal is to **transform your model into a fully realized character** (including face makeup, hairstyle and painted-on fake clothes), not to paint isolated figurative elements on the body.

Let's create an unforgettable event together!

Assistants are allowed.

## The program for Sunday, May 31st (at the Imaginales in Epinal)

- 9:00: Registration of participants at reception and preparation of stands
- 9:30 - 16:30: Bodypainting (13:00: open to the public)
- 16:30-17:30: Stroll through the park and take photos

- 18:00: Fashion show in the Magic Mirror

**The schedule may vary slightly depending on the number of participants in each category. We will inform participants before the event.**

## The models

Each artist must paint only one model, found and brought by themselves. The model must be at least 18 years old. The model must wear at least a thong or a loincloth (the genitals and the intergluteal cleft must be covered). Nipple covers are not mandatory. This remains the artist's choice depending on their project.

### Artist seeks model

If you have trouble finding a model, check the RBF 2025 Facebook group and/or the volunteer model list available here: <https://dub.sh/modeles-volontaires-RBF2026>

### Model seeks artist

To participate in the Meeting as a model, you must have your own artist. If you wish to participate as a model but do not have an artist, you can submit your application using the form for models without artists available on the website: <https://dub.sh/devenir-modele-RBF2026>

## The photographers

Dear photographers, this year we want to put you even more at the center of the Rencontre Bodypainting France.

Your perspective, creativity, and sensitivity are essential to making the event shine, and we want you to be able to experience it fully and freely.

We're ending the requirement for a pre-established partnership to give you more freedom. Your RBF Accreditation grants you backstage and studio access in exchange for your commitment to provide a minimum number of HD photos to the artists of your choice. Feel free to consult the list of participants to connect with artists.

## Artists & Models: How to get photos?

Photographers registered for the Meeting participate as independent artists. Each photographer remains in control of their artistic choices, their time, and the works they wish to immortalize.

If, as an artist or model, you wish to ensure comprehensive photographic documentation of your creation, we strongly encourage you to:

- **Get in touch beforehand:** Check the list of participants and communicate with the photographers before or during the event to plan specific sessions with your model.
- **Invite your own collaborators:** You can suggest that a photographer you know officially register for the event. This will allow them to follow you throughout your creative process.

## The stands

Each artist paints in a covered 3m x 3m booth. The booths are equipped with a table and two chairs. Feel free to decorate your booth! Electrical outlets are available (please only plug in one device at a time per artist), so bring an extension cord if needed. Consider bringing a heater.

## The SUPERSTAR specialty products store

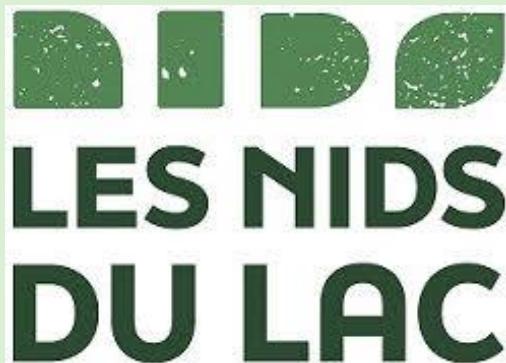

**Superstar**, the leading body art brand, is setting up a pop-up shop with attractive prices for all participants. Meet the designers and discover the products on-site before you buy.
